Profile

Strong foundation in AI, machine learning, and deep learning with hands-on experience in computer vision, NLP, knowledge graphs, and explainable AI. Proven ability to solve complex problems through innovative technology solutions. Proficient in

- Python
- HTML,
- CSS
- JavaScript
- Django
- SQL
- C
- C++
- Java.

Committed to continuous learning and development in cutting-edge AI methodologies. Experienced in building AI-powered automation systems using LLMs, RAG pipelines, and workflow orchestration tools like n8n.

Education

MSc. in CSE

East West University

01/2025 – 12/2025

CGPA: 3.91

Major in: Data Science

B.Sc. in CSE

East West University

01/2020 – 07/2024

CGPA: 3.58

Professional Experience

Join Venture Ai (JVai)

Senior Executive Data Scientist | Team Leader

06/2025 – Present | Dhaka, Bangladesh

Led R&D efforts and managed the night team while developing AI-driven solutions, such as chatbots and RAG-based NLP systems, and collaborating with sales to boost lead generation and workflow orchestration tools like n8n.

East West University

Graduate Teaching Assistant (GTA)

10/2024 – 12/2025

Taught Statistics, AI, and Machine Learning while leading discussions and mentoring students in advanced ML and data analysis.

East West University

Research Assistant

10/2024 – 12/2025

Contributing to academic research in Data Science, AI, and Machine Learning.

Projects

Professional Project Experience:

- OCR text extraction system
(https://github.com/karibshams/simple_ocr.git 🔗)
- AI therapy chatbot, EduGPT - PDF-powered academic chatbot CSE and EEE
(<https://github.com/karibshams/cseeeegpt1.0.git> 🔗)
- AI-powered therapeutic assistant offering warm, empathetic support through voice interaction, LLM-based therapy, and PDF-backed knowledge retrieval.
LINK: <https://emothrive.net/> 🔗
- OP Mental Performance AI Coach.
LINK: <https://optimalperformanceai.com/> 🔗
- VoiceMind AI Mental wellness APP
LINK: <https://lnkd.in/gFUFHn98> 🔗
MystudyBuddy APP
- **n8n AI Video Generation Automation** Built automated pipelines for AI-based video creation using APIs.
- **RAG-based AI System** Developed a RAG pipeline for context-aware responses using embeddings and LLMs.
- **n8n AI Automation Workflow** Created an n8n workflow for form-triggered LLM processing and automated email responses.

Academic Projects Experience:

- Exploring self-supervised visual representation learning for agricultural applications: a comparative and ablation study on sunflower head and rice panicle detection
- Online e-ticketing system (software engineering course project)
- Vehicle detection and traffic flow prediction
- Full-fledged network for an organization with multiple subnets, Computer Networks course project

HSC

National Ideal College

2017 – 2019

GPA: 4.67

SSC

Motijheel Model School And College

2016 – 2017

GPA: 5.00

Skills

Microsoft Office Suite, Jupyter Notebook, and Google Colab Linux system administration, Cisco Packet Tracer, OpenSSL expertise, Oracle APEX development, Visual Studio and Code::Blocks, NetBeans IDE, Windows PowerShell scripting, Roboflow and Kaggle usage, Neural network design, SQL database management, Deep learning techniques, Sentiment analysis methods, Graph theory applications, Data screening processes, Communication skills, Problem-solving abilities

Automation & AI Orchestration:

- n8n (workflow automation, webhook-based systems, API orchestration)
- LLM chaining and prompt workflows
- RAG (Retrieval-Augmented Generation) pipeline development
- AI workflow integration (OpenAI, email APIs, form triggers)

Languages

English

Advanced (C1)

Bengali

Native

Interests

Engaging in data science and analytics, traveling, and football

Awards

Received the Best Paper Award at the 5th International Conference on Applied Intelligence and Informatics (AII 2025), held in Washington, D.C., USA, for the paper titled "CodeMixEcom-Emotion: A Large-Scale Bangla-English Review Corpus and Transformer-Based Benchmark for Fine-Grained Emotion Detection."
